As a member of our partner program, we have requested that you ask your adopters if they would like to opt in to receive communications from Purina. We have created an easy way for you to submit your adopter data as well as you intake and adoption numbers for each month. Click on the Submit Adopter Data tab at the top of the page.

Adopter Data Upload

In an effort to assist in planning and forecasting our ongoing needs, and to share your success with us in more real time, we ask that you submit your intake and adoption numbers through the form below. Please submit this information by the 5th of each month.

Adoption Numbers

Year	--Select--	Intakes:	Dog	0	Puppy	0	Cat	0	Kitten	0	<input type="button" value="SUBMIT"/>
Month	--Select--	Adoptions:	Dog	0	Puppy	0	Cat	0	Kitten	0	

* All fields are required

As a member of our partner program, we have requested that you ask your adopters if they would like to opt in to receive communications from Purina. To submit your adopter data in the most secure manner, please upload your file below. Your file should contain the following columns: **date of adoption, adopter first name, adopter last name, email address, zip code of adopter, and species of animal adopted.** Please upload your adopter data on or around the 1st and 15th of each month.

Please upload your shelter's completed Adopter Data (xls,xlsx, csv). The maximum file size accepted is 10MB.

May 10, 2016 11:31:58 AM	Copy_of_PurinaReport040116thru04-Test_Brandy_Shelter-96074.20160510153158.xlsx

Select the year and month of intake and adoption numbers you would like to enter. Enter your numbers for each category and click submit. We ask that these are entered by the 5th of each month. To upload your adopter information, click on the **Choose File** button to find the file on your computer. Once you have found the correct file, click **Upload**. You will see the file under the **Uploaded Forms List** if it uploaded successfully. We ask that you upload these twice per month.
